

SOS Welcomes 2013

2013 SOS Annual Newsletter Together We Can Make A Difference

Our biggest project this year was joining in with EMFJ AND EMWI Back to School Youth Retreat. Save Our Seed Sponsored 17 youth, young adults, and senior citizens. All funds were from donations made via SOS Web Design. The Theme Scripture: Daniel 11:32b ~ that the people (youth) that do know their God shall be strong and do exploits! The guest speaker Minister Jeremiah Jackson spoke to the hearts of our youth. Some rededicated their lives to Christ and some for the first time excepted Christ into their lives. The testimonies were tear droppers and made us all want to do more, follow-up with our youth.

Above picture ~ one of the workers at Tantara came in to join us several times and personally came to me to encourage us to continue ministering to our youth! The Need is Great!

A follow-up session was done at the Spencer Road Branch Library in St. Peters, MO. Please continue to pray for our youth. Even though a prayer line has been established for them, our goal is to get them involved in prayer and Bible study. After the session, the youth fellowship together with laser tag at Brunswick Zone in St. Peters.
